CONVENIENCE FEE

Our funeral home works diligently to serve the needs of all of our clients and we try to accommodate each family's needs in regards to scheduling services to the best of our ability. Typically funeral services are scheduled to take place within days after the death occurs, unless we are unable to do so because of circumstances beyond our control such as the availability of the church, etc. However, many families are now seeking to delay services for extended periods of time due to travel, vacations and other factors. The funeral home has seen a large increase in the number of families who wish to delay services for extended periods of time and/or are requesting services to be held on a weekend or holiday. While we appreciate that some families have a need to delay services, this large increase in services scheduled at the convenience of families unfortunately has created an increase in our costs associated with the services and as such we have instituted a convenience fee to be added to funeral services that are scheduled at the convenience of the family for a Saturday, Sunday or holiday.
